Dear Legislatures and leaders,

I am writing to voice my opposition to HB6355. Do not make citizens choose between their civil liberties or mental health. OPPOSE Raised House Bill 6355 An Act Concerning Risk Protection Orders or Warrants.

SUPPORT HB 6491 An Act Concerning Nonlethal Electronic Defense Weapons. The right of self-defense applies to all devices and weapons in common use. There is no reason why “stun guns” should be illegal.

Sincerely
Daniel Poole
